	working on	production	dical "Combin of acids, n	itro-cellulo	se, and a nd other e	ngineers a	nd specia	ilists,
	working on The person including of	production nel consist German tech e engaged in	s of acids, n s of Soviet micians brou n this work.	engineers arght in from A "technic	ese, and a ad other e East Germ al brigad chnicians	ngineers a any. In a e" has bee in the new	nd specia 11, about n formed, combinat	alists, ninety, according. The
	working on The person including of	production nel consist German tech e engaged in	of acids, n	engineers arght in from A "technic	ese, and a ad other e East Germ al brigad chnicians	ngineers a any. In a e" has bee in the new	nd specia 11, about n formed, combinat	alists, ninety, according. The
2.	The person including of Germans arto the usubrigade na	production nel consist German tech e engaged 1 al Soviet m turally con	s of acids, n s of Soviet micians brou n this work. method, to as tains a numb	engineers arght in from A **technicsist.the technics of spies	ese, and a dother e East Germ al brigad chnicians working	ngineers a any. In a e" has bee in the new for the Co	nd specia ll, about n formed, combinat mmunist F	alists, ninety, according. The
2.	The person including of Germans arto the usubrigade na	production nel consist German tech e engaged 1 al Soviet m turally con one in this upplies a g	s of acids, no sof Soviet spicians brown this work. The sethod, to astains a numb a combinat is guard.	engineers are ght in from A *technic sist the tester of spies; regarded as	d other executed the search of	ngineers a any. In a e" has bee in the new for the Co	nd specia ll, about n formed, combinat mmunist F	alists, ninety, according. The
2.	The person including of Germans arto the usubrigade na	production nel consist German tech e engaged 1 al Soviet m turally con one in this upplies a g	s of Soviet micians brount is work. ethod, to as tains a numb a combinat is guard.	engineers arght in from A "technic sist the teaer of spies" regarded as	d other execution of the control of	ngineers a any. In a e" has bee in the new for the Co	nd specia ll, about n formed, combinat mmunist F	alists, ninety, according. The
